PROFESSIONAL SUMMARY

- Dedicated Software Development Engineer with 3+ years of academic experience in front-end development.
- Proficient in designing user-centric, scalable applications and delivering high-impact web solutions.
- Interested in leveraging modern technologies like React , Node , and MongoDB to create responsive applications.

EDUCATION

Bachelor of Technology (CGPA: 7.11/10)

(11/2021 - 07/2024)

- **Computer Science&Information Technology** at **MJP Rohilkhand University, Bareilly, Uttar Pradesh.**
- **Relevant coursework:** Operating system , Data Structure & Algorithms , Object-Oriented Programming , Artificial Intelligence , Software Engineering , Database Management Systems & Computer Networking.

SKILLS

- **Programming languages:** JAVA, JavaScript (+TypeScript), C&C++.
- **Front-end Development:** HTML, CSS, Bootstrap, React.js, Material UI, Tailwind CSS.
- **Back-end Development:** NodeJS, ExpressJS, Rest API
- **Database Development:** MongoDB , SQL
- **Tools:** Git & GitHub, Visual Studio Code, Postman, Hoppscotch.

EXPERIENCE

Web Development Internship Training (Internshala) [Source code](#), [Deploy](#)

(05/2023 - 07/2023)

- Successfully completed an 8-week certified online training program with a score of 83%.
- Acquired expertise in HTML, CSS, Bootstrap, DBMS, JavaScript, and React.
- Executed a PG-Life project that showcases practical applications of learned concepts.

SELECTED PROJECTS

WanderLust - A Traveller's Website (JavaScript-React-Node-Express-MongoDB) [Source code](#), [Deploy](#)

- Designed and developed a dynamic travel platform featuring user authentication (Google/Facebook login), interactive maps, and a review system.
- Implemented features like CRUD operations, media uploads via Cloudinary, and input validation using JOI.
- Optimized map load times by 40% using efficient data handling techniques.
- Built with MVC Architecture using EJS, Bootstrap, Passport.js, Mongoose, and hosted on a free platform.

GPT-3 UI/UX Design (React-JavaScript-Tailwind CSS) [Source Code](#), [Deploy](#)

- Created a modern and seamless user interface for a GPT-3-based application.
- Leveraged advanced React and Tailwind CSS functionalities to enhance user experience.
- Optimized performance and navigation through structured design principles.

Restaurant Website Design (React-JavaScript-Tailwind CSS) [Source code](#), [Deploy](#)

- Developed a visually appealing and responsive restaurant website.
- Incorporated modern UI/UX design practices to improve customer engagement.
- Focused on accessibility and responsive design for diverse devices.

CERTIFICATES

- Full-Stack Web Development (Apna Collage by Shradha Khapra). [Check](#)
- Full Stack Web Development (Udemy by Dr.Angela Yu). [Check](#)
- Web Development Internship Training (Internshala). [Check](#)
- Java Programming(Great Learning) [Check](#)
- Cloud Foundation(Great Learning) [Check](#)

ACHIEVEMENTS

- Secured **General Rank 1079** in **UPCET'21**
